City Funds Additional Library Hours

The City of Citrus Heights and the Sylvan Oaks Library, located at 6700 Auburn Boulevard, formed a successful partnership last November to provide more hours and services to the community. The City funded 13 additional open hours, as well as more staff resources. The library is now open to the public 44 hours per week, from 11 a.m. to 8 p.m., Monday through Thursday; and from 1 to 5 p.m. on Friday and Saturday.

Sylvan Oaks Library has a broad range of children's programs as well as educational opportunities for adults such as computer classes.

Because the City provided additional funding to increase its hours, the newly renovated Sylvan Oaks Public Library has been able to offer a broader range of children's programs, as well as educational opportunities for adults that include computer classes and literacy courses. The library has more than 70,000 items.

The library offers a variety of programs for youth. Summer story times will begin May 7th and run through July 30th—the times are 11 to 11:45 a.m. Additionally, the library offers occasional children's entertainment programs. In April, the Puppet Art Theater presented the classic tale, "The Boy Who Cried Wolf," for children ages 6 to 12.

The Sacramento Public Library's 2003 Kids' Summer Reading Club theme is "Read around the World in Sixty Days". The Sylvan Oaks Library's kickoff program will be Saturday,

June 14th at 2 p.m. Children can begin their reading journey that day with an entertaining program, pick up their reading folder, and start their summertime of reading fun. Weekly programs will be held every Thursday, at 3:30 p.m., in the library branch, from June 19th through July 31st. Colorful bookmarks will soon be available that list the weekly performers. For more information on the programs and services the library branch has to offer, stop by the Sylvan Oaks Library table at the Springboard into Success Community Resource Fair, at Sunrise Mall, on Saturday, May 31st from 10 a.m. to 6 p.m.

As part of the partnership between the City and Sylvan Oaks Library, the branch is committed to engaging in more partnerships. "The Library truly looks forward to mutually beneficial partnerships with the City and other organizations in order to maximize resources and provide greater public services," said Rosemary Lovely, the new Branch Supervisor at Sylvan Oaks Library.

COLFAX CALIFORNIA

News

Historic Depot Renovation

Visitors to Colfax may notice that the Railroad Depot building has recently received a new coat of paint. The Colfax Depot Project Management Committee has worked with Placer-Sierra Railroad Heritage Society, historic building architect David Piches, and Helen Wayland of the Colfax Area Historical Society to determine historically correct colors for our depot.

The colors, colonial yellow, samoa brown and dark green are true to Southern Pacific buildings of the era," says Roger Staab of the Placer-Sierra Railroad Heritage Society. The Colfax Depot is the only one known to have dark green exterior window sashes.

The exterior trim color at Colfax was originally amber brown; however, after viewing several other renovated SP depots, samoa brown was chosen as a preferred trim color to highlight both the green window sashes and the colonial yellow on the historic building.

Primary funding for the exterior preparation and painting was provided by Jim Payne, owner of the nearby Colfax Hotel, with Jeff Young Construction as the prime contractor. The Hotel is also undergoing major renovations.
